## Observations... From Around Town

(BY JAY WHOZIT)

Bay St. Louis and Saint Stanislaus suffered an irreparable loss in the death this week of Brother Peter, who had spent the major portion of his forty years service in the Order of the Brothers of the Sacred Heart, here in Bay St. Louis, where he lived to see many of "his boys" grow up and take their rightful place in life as a result of his teachings... the annual Toy Bowl football classic to be held in Birmingham, Ala., on November 7th, in which the Stanislaus Fleas and Flies will participate, will be dedicated to his memory, a tribute to his labors in the field of athletics... else where in this issue is published the budget for Hancock County for the fiscal year, 1948-1949, and if you don't think that running the business of Hancock County for a year is a tremendous job just add up the amounts budgeted to the different departments and the total as a whole will give you an idea just what a task really faces those elected to public office... once again the Mississippi Power Company are replacing the poles on the east end of the highway bridge, which were destroyed by the fire in June... this will bring another direct power line from their main plant into Bay St. Louis, making two now serving its customers here and should insure better and constant service during periods of bad weather, especially during the winter months... the State Board of Election Commissioners composed of Gov. Fielding L. Wright, Attorney General Creek L. Rice, and Secretary of State Hester Ladner, the three issued commissions to the three newly appointed election commissioners for each county in the state of Mississippi, whose terms are for two years... funds have been allotted by the Federal Government to deepen the Gulfport channel from 26 to 30 feet and allow the port to handle 28 ships instead of 5... the St. Stanislaus Rockchaws journey to Biloxi this Friday night to play the Notre Dame High School gridgers, and will be seeking their third straight victory without a loss... if you are a fair enthusiast, you can visit the State Fair at Jackson, October 11-16 and view some wonderful exhibits along with lots of entertainment on the midway... according to a news report this week, former Governor Dennis Murphee is critically ill in a Jackson hospital... headlines this week read "Butter Prices Melt 2 Cents, Year's Lowest" that may mean something to the wholesalers, but to the salaried working man, a two-cent price drop on one food item means little more than the proverbial "drop in the bucket"... we really enjoyed the "short winter" we had this week, when the mercury dropped to a low of 60 degrees for several days, a respite from the terrific heat of the fast-fading summer.

## T. T. Robin Heads Hancock County Chamber Of Commerce

Dr. B. L. Ramsey, Vice President—Membership Fees Reduced to \$12.50 Per Year—Joe Burrows, George Stevenson and A. H. Gregory With Robin and Ramsey New Members of Board

The annual election of Directors of the Hancock County Chamber of Commerce was held on September 23rd. Ballots were mailed to the members and the returns of the election showed the election of T. T. Robin, Dr. B. L. Ramsey, Joe Burrows, George Stevenson and A. H. Gregory as the five new members of the Board.

On Tuesday evening, September 28th, the Board of Directors met for the purpose of naming the officers for the coming year. T. T. Robin was named president and Dr. B. L. Ramsey, Vice President. Miss Amelia Manieri, will continue as Secretary.

The newly elected officers are prominent business men of Bay St. Louis. Mr. Robin is the owner of the Globe Laundry, and has been active in the civic and business life of Bay St. Louis. He is a progressive citizen and in being named President of the Chamber of Commerce has received a justly deserved honor. Dr. Ramsey is also an outstanding business man, and his confidence in Bay St. Louis can be attested by a casual observation of his investment for the future. His business is an asset and a credit to our City.

These men are interested in the welfare of Hancock County. The upbuilding of our County means

much to them and to the many others who live here. A real chamber of Commerce means much to any city or County, and Bay St. Louis and Hancock County are no exception. Of course it is impossible to have a successful administration of the affairs of the Chamber of Commerce unless the cooperation of the business and civic leaders of the County is given to the officers of this body.

The membership fees have been reduced to \$12.50 per year, with the thought that the former fee of \$25.00 may have been a bit exorbitant, and that this fee may have kept many minded persons from having a membership, and in reducing the fees a stronger membership may be hoped for.

It is hoped that those who may afford it, will carry more than one membership for their business interests.

It is time for us to awaken to the realization that there is still a crying need for a good Chamber of Commerce. The officers of the association can lead the way, however they must have a good, live membership that will work with them.

The life of your chamber of commerce will depend on you, the business people of Hancock County. If you think you need it, support it, and its officers.

## Chamber of Commerce Officers Attend Coast Council Meeting

Howard W. LeTissier, retiring president of the Hancock County Chamber of Commerce, T. T. Robin, newly elected president, Dan M. Russell, Jr. Vice-President of the Mississippi Coast Council and Miss Amelia Manieri, Secretary of the Hancock County Chamber of Commerce, attended a meeting of the Mississippi Coast Council as guest of the Long Beach Chamber of Commerce, last Wednesday night.

One of the subjects coming up for discussion at the meeting was the capping of artesian wells that continue to "run wild" along the Coast. Mr. Hugh T. Campbell of Long Beach, stated "The uncapped wells are exhausting the water supply, strata to the point that salt water is encroaching on our fresh water, and the wild wells may not affect us, but they probably will effect our grand children."

It was cited that the Mississippi Coast Council had spent a total of \$8200.00 advertising the Coast, according to Anthony Ragusin, Chairman of the advertising committee. Mr. Ragusin stated that Coast Council Ads are slated to appear during the coming year in National Geographic, Country Gentleman, Chicago Tribune and Gulf States Guide.

There was an attendance of 26 members, with representatives from Wiggins being present bringing to 8 the number of cities and towns participating.

An invitation from the Picayune Chamber of Commerce was accepted to hold the November meeting there.

## Funeral Services For Brother Peter Held At 10 O'clock Tuesday

Solemn High Mass of Requiem Celebrated By His Brother Right Reverend Monsignor John Basso—Hundreds Attend Services—"Had Special Talent for Drawing Young People to Him, And His Work Stood Out Before the World" Said Bishop Gerow In Sermon.

BROTHER PETER, S. C.

Brother Peter, former President of St. Stanislaus College, died at Toussaint Infirmary in New Orleans, on Sunday, September 26th, 1948, at 1 o'clock P. M., following a long illness. Brother Peter entered the hospital on the afternoon of May 30th, following the commencement exercises which were held that morning. He underwent four major operations in the four month period he was in the hospital and suffered other complications, and for the past several weeks his death was expected momentarily.

Brother Peter was born in St. Paul, Minnesota, on September 14th, 1889 and was Arthur E. Basso, the son of the late Philip Basso and Catherine Hughes. In his early childhood his parents moved to Indianapolis, Ind., and from there he entered the order of the Brothers of the Sacred Heart in 1904. He completed his studies and made his vows, at the House of Studies in Metuchen, New Jersey, under Brother Fabian, as his Novice Master in 1906.

In September of 1906 he was given his first assignment as a teacher at Donaldsonville, La., and was assigned to St. Stanislaus for the session of 1908-1909. At the close of the session he was sent to St. Aloysius College in New Orleans, and remained there until 1913.

In 1913 Brother Peter came to St. Stanislaus as teacher of second year high, and he remained here until 1932. During this period of time he served as teacher, prefect, Vice President under Brother Lambert and Brother Macarius from 1920-1926, and as President from 1926 to 1932.

Following the rule of the order that no superior can remain for a longer period than six years, Brother Peter was transferred to Catholic High in Baton Rouge, La., as President to succeed Brother Paul in September of 1932. At the conclusion of his six year term in Baton Rouge he was again named President of St. Stanislaus.

At Catholic High the student body nearly trebled during his term of office. In 1944 he was again assigned to Catholic High to succeed Brother Casimir who came to St. Stanislaus as President, and two years later the two again exchanged places, Brother Peter returning to St. Stanislaus and Brother Casimir going back to Catholic High.

Brother Peter had been in failing health for quite some time and the strain he underwent during and following the disastrous hurricane of 1947 exacted its toll.

Following his death his body was brought to St. Aloysius College in New Orleans, where it remained until ten o'clock Monday morning, to be taken to St. Augustine Church in New Orleans, where a Requiem Mass was celebrated by his Brother Right Reverend Monsignor John F. Basso, Chancellor of the Diocese of Corpus Christi, Texas. After the Mass his remains were

brought to Bay St. Louis, and his body lay in state in the Chapel of St. Stanislaus College, where the students and hundreds of friends went to offer a prayer and to pay their last respects to the man whom they admired and loved.

On Tuesday morning at 10 o'clock the funeral procession formed at the College Chapel, where Father Michael Fox, accompanied by the Altar Boys blessed the body and offered the prayers for the dead, from there the funeral procession made its way to the Church of Our Lady of the Gulf, where again Right Reverend Monsignor Basso, offered a Solemn High Mass for the repose of his soul. The Officers of the Mass were in addition to Monsignor Basso, Reverend Father William Williams, S. V. D. Deacon, Reverend Father Ignatius Fabacher, S. J., a graduate of St. Stanislaus, Sub-deacon, and Reverend Father Edward P. Desmond, Master of Ceremonies. Most Reverend Bishop Richard O. Gerow was in attendance at the Mass, with Reverend Father Francis Toner, and Reverend Father Patrick Moran, as Assistant Priests to the Bishop. The prayers for the dead following mass were said by the Most Reverend Bishop, who also gave a short sermon, bringing out the great work that Brother Peter had accomplished. He stated that Brother Peter had a special talent for drawing young people to him, and that his work stood out before the whole world and that he was a great man.

From the Church the funeral procession made its way to the cemetery of the Brothers of the Sacred Heart on the College grounds, where the burial service was conducted by his brother.

The funeral procession in addition to the students of St. Stanislaus, St. Joseph Academy and St. Stanislaus Day School numbered hundreds of friends and former students of St. Stanislaus.

The pallbearers were Brother Alexis, President of St. Stanislaus, Brother Linus, Vice President, Brother Casimir, President of Catholic High Baton Rouge, Brother Martin, President of St. Aloysius, New Orleans, La., Brother Gerald, President of McGill Institute at Mobile and Brother Benedict, President of Thibodaux College at Thibodaux, La.

Surviving Brother Peter are his three Brothers Monsignor Basso, and Leo and Paul Basso of Indianapolis, Ind., and four sisters, Mrs. Catherine Wynne of Sierra Madre, Cal., who with Mr. Wynne were here for the funeral; Mrs. Mary Fitzsimon of Van Nuys, California and Sister St. Agnes and Sister Emerita of the Sisters of Providence, St. Marys of the Woods, Indiana.

Colonel Harry Davis, Commandant of Gulf Coast Military Academy and Major Broussard headed a delegation of officers and students of the academy who were here for Brother Peter's funeral.

The Fourth Degree members of the Knights of Columbus of Bay St. Louis and Gulfport, met in Bay St. Louis on Wednesday Evening at 8 o'clock at the Knights of Columbus home and organized a general assembly of the Fourth degrees.

## A LIFE OF SACRIFICE

Sadness filled the hearts of the people of Bay St. Louis when news of the death of Brother Peter was received Sunday afternoon. With his death came the realization that we had suffered the loss of an outstanding citizen; an able Catholic Educator who had no peer in the training and development of boys in the attainment of that high ideal, CHARACTER.

Entering the novitiate of the Brothers of the Sacred Heart in 1904, at the age of 15 years, he began his studies for his life work under that grand old man Brother Fabian, as his Novice Master, who later served many years as Treasurer at St. Stanislaus with him, and who to-day expressed himself, with deep affection, saying: "He was one of my boys."

In 1906, Brother Peter made his vows of Poverty, Chastity and Obedience, to devote his life to God, Church and the cause of Catholic Education in honor of the Sacred Heart.

The words of Jesus to his Disciples: "Suffer the little children, and forbid them not to come to me; for the Kingdom of Heaven is for such" were indelibly imprinted in his mind and heart. These words were truly exemplified in his devotion to and his work among the boys at St. Stanislaus, and will stand as a masterpiece of his great deeds in his Master's Vineyard. He assumed the position of the parent during the school term. He knew every boy in school by his first name. He was never too busy to hear the story of each youngster who came to his desk. He wanted them to come and when one remained away he was soon to find the reason. He gained their confidence, counseled with them as a father with a son; showed them life's pitfalls and instilled in their hearts the love of God. He urged frequent reception of the Blessed Sacrament and today many men are thankful for the religious teachings they received from him.

He believed in placing a boy on his honor; however he knew the other method when that system failed, and a good spanking oft times made a good boy of one who was inclined to steer off the path.

His life will stand as a shining light to those who were privileged to have received their education under his guidance. A life of sacrifice, spent by a man endowed with great ability, whose heart was filled with humility, love and kindness; whose great joy was helping the boy who found it hard to make his way.

May God be merciful unto him, and may we be comforted in the words of Our Lord to his Disciples: "And every one that hath left house, or brethren, or sister, or father, or mother, or wife, or children, or lands, for my name's sake, shall receive an hundred fold and shall possess life everlasting."

## BROTHER PETER PASSES ON

Brother Peter is dead. The tireless body and the remarkable mind of this unselfish man who devoted every minute of his lifetime to helping his fellow man to a better life will function no more, but his memory, like his soul, is immortal. A thousand living monuments, and more, to Brother Peter walk this land and as long as fathers are able to tell sons of what their dads and grandfathers knew of Brother Peter, these living monuments will go on through the years, incomparable testimonials to the dynamic man who from his own boyhood days choose as his lifework a task whose only goal was the development and the happiness of his brothers.

It would take pages and pages to write of Brother Peter's accomplishments, of his aims and of the sacrifice he made of his life in a work that he loved. He goes to join Father Flanagan of Boys Town, who died not long ago. When Father Flanagan died, Brother Peter became known as America's No. 1 boys' man. Now he has passed on.

Though he fought a long and courageous fight to live, Brother Peter goes into the unknown with pleasant anticipations. He told his friends, the day he went into the hospital nearly 17 weeks ago.

"I can't lose. If I get well, I'll be able to carry on my work and finish the book on boy psychology that I am planning to write. If I do not get well, I'll come face to face with the after world that we know is no magnificent and that we all look forward to seeing and being a part of. Death is nothing to grieve about; it is but a step to eternal peace and happiness."

To his last moment of consciousness there was the twinkle in his eye which indicated a fearlessness of the unknown and a sincere effort on his part to make those around him understand that the end of the span of life was something every human being should look forward to with pleasant anticipation.

Though he taught at Catholic High school of Baton Rouge and several other boys' schools, it is fitting that Brother Peter's final resting place will be at St. Stanislaus college of Bay St. Louis, the fine little college with which his career was so closely welded over a long period.

School, college and other amateur sports of the South suffer an irreparable loss with Brother Peter's death, but his loss to the citizenship of this section of the country will be more keenly felt. —Bill Keefe, Sports Editor—Times-Picayune, Sept. 27.

## DEVELOPER OF BLANCHARD, SCHWARTZ, WELL KNOWN HERE

Birmingham boys lost one of their staunchest friends yesterday with the passing of 59-year-old Brother Peter in Tourno Infirmary, New Orleans. Brother Peter served nearly 18 years as president of St. Stanislaus College, Bay St. Louis, Miss., and is nationally famous for his athletic graduates out of his small school.

Birmingham knows Brother Peter best for his part in establishing the Toy Bowl classic here. The Toy Bowl setup here was modeled after Brother Peter's program at Bay St. Louis.

Lionel Baxter, one of the Toy Bowl officials here, said this morning that it is likely that this year's game (scheduled for Nov. 7) will be dedicated to Brother Peter.

Brother Peter's motto was "Keep the boy interested in athletics and you'll keep him out of trouble." Two of the greatest football players of all time owe their careers to the famed teacher-coach. They were Felix (Doc) Blanchard, of Army, and Markey Schwartz, of Notre Dame. Schwartz is now head coach at Stanford.

Other fine athletes developed at St. Stanislaus include grid stars John Seafide and "Wop" Glover of Tulane and Johnny Soule of Army and major league baseball players Zeke Bonura and Eddie Moore.

Blanchard was Brother Peter's greatest graduate although the brother maintained Doc's father would have been just as great had he had the opportunity that the younger Blanchard had.

Brother Peter was scheduled to bring his St. Stanislaus Rock-A-Chaws here in the Toy Bowl game this year. The Rockchaws were defeated here in the opening classic two years ago, 26-6, and Brother Peter asked for a return engagement. Last year the local "Fleas" and "Flies" met New Orleans teams.—Birmingham Herald—Sept. 27.

## THEY'LL REMEMBER BROTHER PETER

Brother Peter, S. C., builder of men and developer of athletes, has gone to his reward. And his departure from our midst has cast a shadow of sorrow over the sporting scene.

Few men have been as highly regarded and genuinely loved in amateur athletics than Brother Peter who devoted his life's work to the youth. On November 7th in Birmingham they'll pay tribute to his labors with the dedication of the annual Toy Bowl Classic in his name. Brother Peter was scheduled to bring his St. Stanislaus boys to Birmingham for participation in the game. Brother Peter came to St. Stanislaus College of Bay St. Louis in 1909. He was born in St. Paul, Minn., and was Arthur E. Basso, before taking his vows in the order of the Sacred Heart. He served as principal and president of St. Stanislaus and Catholic High of Baton Rouge where he won countless friends.

Brother Peter's motto was "Keep the boy interested and you'll keep him out of trouble." Two of the finest football players of all time owe their careers to the famed teacher-coach, Felix (Doc) Blanchard of Army fame and Markey Schwartz of Notre Dame. Among his other proteges were Henry (Zeke) Bonura, Harry (Wop) Glover, John (Baby Grand) Seafide, Johnny Soule, Eddie Moore and Dave Keiffer.

Brother Peter will be remembered, too, by the Sugar Bowl teams of Boston College, Fordham and Carnegie Tech. He was their host in pre-classic preparations.—New Orleans Item, Sept. 29, by Lloyd Glau.

## BROTHER PETER

Since July of 1908, when Brother Peter first started teaching at St. Stanislaus college at Bay St. Louis, he worked unceasingly for the mental and physical development of his "boys," many of whom have become business and professional leaders of this area. His interest in athletics possibly has brought him his greatest national fame, although he came to be known as an authority on the education of youth and lectured throughout the country. He frequently quoted his major educational principle: "Keep a boy interested in athletics and you keep him out of mischief."

Some of the best known athletes in the United States started their careers under his guidance. The roll of these men reads like a "Who's Who" of the modern sport world. For there was "Markey" Schwartz, one of Notre Dame's finest backs, who now is football coach at Stanford university; "Doc" Blanchard and Johnny Soule of West Point; Harry "Wop" Glover and John Seafide of Tulane; Coach Eddie Reed of New Orleans, and Bill Cassidy of Notre Dame. There were the baseball players of major leagues, Eddie Moore and Zeke Bonura; and there was "Hippo" Phillips, king of the javelin; all of whose proficiency in sports was developed by Brother Peter.

But he was not merely working to make athletes. He labored long and hard for 40 years at St. Stanislaus, Catholic High of Baton Rouge, and St. Aloysius here in New Orleans to build intelligent men of fine character. And his students give him full credit for their successes.

When Brother Peter passed away Sunday afternoon, he left those for and with whom he has worked to carry on his ideals and labors.—Times-Picayune, Sept. 27.

## Members Of Executive Board Attend Coast Little Theatre Meeting

Members of the Executive Board of the Bay St. Louis Little Theatre attending the meeting of the boards of the Biloxi, Pascagoula and Pass Christian Little Theatres held at Biloxi were Mrs. John Bell, Mr. and Mrs. Oliver Radford and Mr. and Mrs. Dennis Tonkel all of whom were guests of the Biloxi group for a buffet supper. Mrs. Bell represented Mr. Bell, the president, who was called out of town.

The object of the meeting was to form a Federation of Gulf Coast Little Theatres. Plans and ways and means of forming this were discussed and another meeting was set for October 12 when each theater will be represented by its president and one board member.

Another matter to come up for consideration was the putting on of a "One-Act Play-Festival" in July and at which time each Little Theatre would be required to put on one One-Act Play.

The group was reminded that up to this time there has been no organized Theater Group and if the festival plan can be carried through the Little Theatres will be eligible to join the Association of National Theater Amateurs.

One of the principal speakers at the meeting was Director Roland T. Hammond, an actor-director out of New York City, who is currently directing the play for the 1948-49 opening performance of the Biloxi Little Theatre.

## Veterans' News

World War II veterans still can reinstate their National Service Life Insurance, the Veterans Administration says.

Some veterans are under the impression they can no longer obtain this government insurance. World War II Veterans who can pass a physical examination may reinstate their lapsed insurance at any time.

The deadline for reinstating NSLI without a physical examination was July 31, 1948, VA explained. Prior to the deadline, a veteran could reinstate lapsed insurance by certifying that his health was as good as it was when the policy lapsed.

This deadline confused some veterans who feel that they cannot reinstate lapsed insurance since the deadline passed. That is not correct, VA said.

Veterans may reinstate their insurance at any time by passing a physical examination. If the policy has lapsed less than three months, it still can be reinstated without taking the physical examination.

The average age of World War II women veterans is slightly higher than that of their male fellow veterans, VA reports. The feminine average is an even 30 years, while the average age of the men is 29 years and 9½ months.

The number of veterans of all wars reached 18,744,000 on May 1, 1948, VA says. Of these, 14,887,000 served in World War II. The remainder were veterans of World War I and other wars.

When the nation's population of veterans and members of their families reaches its expected peak of 60,000,000 in 1955, VA predicts that the number of veterans of all wars will be 17,200,900 and the number of persons in their families, 42,900,000.

## QUESTIONS AND ANSWERS

present or contemplated business or occupation. Then you must receive VA approval before you start training.

Q—May I complete my last year of grade school and take a commercial course under the GI Bill?

A—Yes.  
Q—What does VA supply to the disabled veteran if he is enrolled in a school, or if he is enrolled in on-the-job training?

A—For each disabled veteran in school, VA will furnish tuition fees, books and equipment, provided they are required by other students taking the same course. On-the-job trainees will receive tools and equipment for their job training, also provided they are required of all other trainees taking the same course.

Q—Does Veterans Administration lend money to the veteran for the purchase of homes or businesses?

A—VA does not lend money to the veteran for homes or businesses. He makes his own arrangements for the loan through the usual financing channels. VA then guarantees the lender against loss, up to 50 per cent of the loan, with a maximum guarantee of \$4,000 on the real estate and \$2,000 on non-real

estate loans.  
Q—Who is eligible for a Federal grant to purchase or remodel a home?

A—Any veteran of war or peacetime service who served in the armed forces since April 21, 1898, and who has a permanent and total service-connected disability due to a spinal cord disease or injury, resulting in paralysis of the legs and the lower part of the body, is eligible to receive a Federal grant for the purpose of purchasing or remodeling a specially adapted home.

Q—To what benefits is a veteran with a yellow or blue discharge entitled?

A—A yellow discharge from the Army is dishonorable and the veteran is not entitled to Veterans Administration benefit. A yellow discharge from the Navy may be honorable or other than honorable. If the Navy discharge is dishonorable, the veteran is ineligible for benefits. If the Navy discharge was issued under conditions other than honorable, the veteran is entitled to file a claim and VA will determine whether the discharge was issued under dishonorable or other than honorable conditions. The latter also applies to blue discharges from the Army.

## Bay High Tigers Win From Long Beach 7-0 On Pass Christian Field

The Tiger footballers of Bay High jumped into the win column last Thursday night when they racked up a 7-0 win over a favored Long Beach Bearcat team. The Tigers were superior in every department, making 11 first downs to 1 for the Cats.

The game was played on Pass Christian field in Pass Christian. The Tigers scored early in the first quarter after a twenty yard jaunt by Irving Prevost placed the ball on the Bear Cat five. On the next play Curtis Colson hit the center of the line for the necessary five yards and a touchdown. Left end Pete Walker scored the extra point on a pass from Herman Price.

In the fourth quarter, the Bay High team threatened to score again after moving fifty yards from their own 35 to the Long Beach 15. The Bear Cat defense stiffened and the Tigers lost the ball on downs.

Irving Prevost, star left half for the Tigers, received a painful ankle injury after 10 minutes of play in the first quarter and had to be taken from the game. His loss severely hampered the Tiger running attack of Bay High.

Lineups were as follows:

Bay St. Louis	Pos.	Long Beach
Walker	LT	Mott
Favre	LE	Wilson
Bankston	LG	Conn
Bennett	RG	Beach
Hillhouse	RT	Boatner
Lafontaine	RE	Spade
Dawsey	QB	Delorence

Prevost	RH	Bosarge
Colson	FB	Alexander

The Tigers journey to Perkinston Friday for a night game there.

**REMEMBER?**

Remember when a bare bulb like this was the last word in lighting? That's when you started calling your electric bill a "light" bill.

Then electricity began to take on more chores. It learned to cook and sew and clean, to wash and iron, preserve food, entertain the family—in general, to make life healthier and happier and easier all around. Lighting became only a fraction of that job.

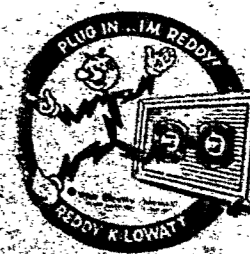

Naturally, you came to depend on electric service for more and more jobs—until now you couldn't imagine living without electricity! Today your electric bill is just about the smallest item in your family expenses—yet what else does so much, for so little?

Yes, it's still a "light" bill—it lightens your chores, your home, and the business of balancing your budget!

### Showing of Beef Breeding Cattle and Junior Steers To Be Best Yet Had at Mississippi State Fair

Jackson (Special)—Visitors who attend the 1948 Mississippi State Fair at the State Fairgrounds here the week of October 11-16 will see the greatest showing of beef breeding cattle and junior steers ever exhibited in the Magnolia State. Mr. J. M. Dean, executive secretary of the Mississippi Agricultural and Industrial Exposition Commission announced today.

Approximately \$20,000 will be awarded during the week-long exposition of the State's natural resources, agricultural and industrial wealth. Included in these prizes are sums set up by the Miss. A. & I. Exposition Commission and other groups. The American Shorthorn Breeders' Association and American Aberdeen-Angus Breeders' Association will add 20% each to the prizes set up by the Fair Commission in their respective. The American Hereford Association will add 25%.

United Gas Pipe Line Company and Union Producing Company will jointly add 50% in cash to the premiums offered in the junior classes by the Fair Commission. All together the prizes amounted to considerably more than has been awarded at any previous State Fair, Mr. Dean announced.

Mr. Paul F. Newell, Leader, Extension Animal Husbandry, State College, is general superintendent of the livestock department of the Fair. Entries in the various divisions of the livestock show must be submitted on the official entry forms to the Fair office at the Old Capitol, Jackson, not later than October 1. Entries will be admitted free, but charges will be made for stalls and pens used by the adult exhibitors. No fees of any kind will be paid by junior exhibitors.

Mr. E. E. Grissom, State College, and Mrs. O. S. Redden, Forest, are assistant superintendents in the breeding beef cattle department. Mr. O. B. Ross, Oklahoma A. & M. College has been appointed judge.

A number of entries have been received already. The State Fair office announced, including: Angus Division: Ames Plantation, Grand Junction, Tennessee; C. C. Jackson, Gloster, Mississippi; Joe Lyon, Byhalia, Mississippi; Holly Grove Farms, Crenshaw, Mississippi and G. W. Breland, Crystal Springs, Mississippi.

Hereford Division: F. C. Wagner, Grenada, Miss.; Mibermel Hereford Ranch, Hattiesburg, and Cedar Lane Farms, Greenville.

Shorthorn Division: Fred Taylor, Como, and Cherry Grove Plantation, Crystal Springs.

Many others are expected to announce prior to October 1, according to Mr. E. E. Grissom, assistant superintendent, associate extension animal husbandman at State College.

Fair officials predict that the junior livestock show, in which junior steers will be exhibited by 4-H Club and Future Farmers of America, should attract widespread interest.

Much enthusiasm was expressed this week by R. M. Lancaster State College, superintendent, and C. E. Estess, Jackson, assistant superintendent of the junior livestock show. Competition in this show will be restricted to members of the 4-H Club and Future Farmers of America and each exhibitor is limited to 2 steers in each of the breed classes. Only steers calving after January 1, 1947 will be entered in these contests.

Ten cash prizes will be awarded in each of these classes—Class One: Hereford steers; Class Two: Aberdeen-Angus steers; and class Three: Shorthorn steers.

One cash prize and a rosette will be presented to the winner in each of these two classes—Class Four: Champion steer.

## P. M. A. NEWS

Common vetch, Austrian winter peas, Dixie Wonder peas and Crimson clover seed are now available under the Purchase Order Program. Under this program the Government pays approximately 60% of the cost of these seeds.

It is more important than ever before that farmers plant winter legumes because of the critical supply of nitrate. Winter legumes build the soil up by adding nitrogen and organic matter. They also protect the soil during winter months from erosion.

Superphosphate is also available under the Purchase Order Program to farmers who have not used up their 1948 allowance for use under winter legumes and on improved permanent pasture.

Farmers who desire winter legume seed or Superphosphate are urged to get in touch with the P. M. A. office which is located in the K. C. Building. The office is open every day except Saturday afternoon.

## High School Graduates May Take Aptitude Test For Naval Reserve Officers Training Corps

Annual college aptitude tests will bring four-year scholarships worth approximately \$5,000 each to 2,308 high school graduates under the Naval Reserve Officers Training Corps program will be given in 550 cities on Dec. 11, the Navy has announced.

Applications to take the tests must be in by Nov. 15. Successful candidates will get tuition, books, normal college fees and a \$50 monthly allowance.

Male high school seniors and graduates between 17 and 21 are eligible, the Navy said. Application blanks and complete information on the program are available from high school principals, college deans, professors of naval science at NROTC colleges and universities, Naval Officer Procurement offices and Navy recruiting stations.

Candidates who receive satisfactory marks in aptitude tests must also pass physical examinations. State boards composed of prominent civilians and Naval officers will then select the most outstanding candidates according to quotas assigned each state and territory.

Students selected will begin the Fall, 1949, term at one of 52 NROTC colleges and universities, taking courses leading to bachelor or higher degrees but being required to include prescribed naval science subjects. They may choose the school they wish to attend, subject to quota limitations and acceptance by the school. In return for scholarships NROTC students must attend naval drills and cruises and accept a commission in the regular Navy or Marine corps upon graduation if qualified. After two years of active duty they may elect to transfer to the reserve corps and return to civilian life or may request retention in the regular service, and if selected, make the Navy or Marine Corps their career.

Cities in which it is planned to conduct aptitude tests include: LOUISIANA—Alexandria, Baton Rouge, Lafayette, Monroe, New Orleans and Shreveport. MISSISSIPPI—Clarksdale, Jackson, Meridian, Natchez and Oxford. ARKANSAS—Fort Smith, Hot Springs, Little Rock, Pine Bluff, and Texarkana.

### SHORT SNORTS ON STATE'S RIGHTS

By Jimmy Arrington, Collins, Miss.

I see where Truman is heading West to give the Republicans Billy hell. He stayed in Washington to give it to us folks in the South.

Republican candidate Tom Dewey had a group of farm editors, as his guests at Pawling and they visited his farm at milking time. I reckon Dewey wanted to show them he was qualified to milk us taxpayers if elected.

Somebody wrote me wanting to know what is the foreign policy of the Truman administration. From

what I can understand about the matter it is a real foreign policy—foreign to everything based on common sense and American traditions.

I see where Henry Wallace described the South as a place where Christian gentlemen have turned into raving beasts and good mothers and wives into Jezebels. Wonder what we would turn into if Wallace was elected president? Zebras, I reckon.

Truman's proposed socialized medicine program is meeting with quite a bit of opposition but I reckon Harry feels like that any administration that has made the people as sick as his has, should certainly furnish them free medicine.

US States' Righters are asking more now than we have been asking since 1885 and that is to let us solve our own local problems. The Democratic party pledged to do that and kept the pledge. The Truman party for purely political considerations replace that pledge with a promise to minority groups to put on us a new social order. The further one is away from the south the easier it is to solve the south's problems.

In announcing the campaign plans of Truman his headquarters state that the south has been dropped from his tour. We are way ahead of him as we dropped him a long time ago. The plans also reveal that Truman's daughter, Margaret, will accompany him on the train. Next

year her father will have plenty of time to accompany her on the piano.

Herbert Hoover says the U. S. cabinet must be enlarged and "the president must be relieved of a large amount of his administrative duties." Hoover ought to be an expert along that line as he was relieved of all his duties as president.

US States' Righters have about detrunumanized the south.

It is now reported that the "S" in Harry S. Truman's name does not stand for anything. Somewhat similar to his administration.

## Rockachaws Defeat Redemptorist By Score Of 44-14 Friday Night In City Park Stadium

The Rock-A-Chaws of St. Stanislaus, moving along like a steam roller, ran all over the Redemptorist Rams of New Orleans last Friday night to the score of 44-14.

The game was played at City Park Stadium in New Orleans.

The Rams, outplayed and outmaneuvered in every play, weren't able to stand up under the vicious Rock attack.

The return of Uhle to the lineup, following injuries in pre-season practice, strengthened Coach Pete Burge's offense with his ruggedness and speed.

David, Uhle, C. Ladner, Levy Ladner, and Turcotte rambled almost at will up and down the field while the stalwart Rock line held the Rams at bay with bone crushing tackles and blocks.

In the touch down department, Ed Buddy Cravetto scored 1, Joe David 2, Turcotte 1, Uhle 2, and Levy Ladner 1.

St. Stanislaus made 19 first downs while allowing Redemptorist 11. The Rockachaws, playing their usual clean game, were penalized only 5 yards.

In two games this season the rampaging Rocks have scored 89 points with a total of 14 against them.

## Within Our Means

In completing its 1947 bank analysis the Federal Reserve Board found that 31,000,000 American families saved money last year—a grand total of \$25,000,000,000. That is a remarkable record by the country's savers under prevailing conditions.

The same survey shows, however, that 8,000,000 families in the United States dipped into past savings in 1947 to buy autos, furniture, radios, and appliances and that 14,000,000 American families even lived beyond their income.

With the increased cost of almost everything; with high taxes, and our higher living standards, it is difficult for some of us to save money out of earnings, or even live within our mean. It takes real character in the average individual to save money even under normal conditions.

From its very beginning Hancock Bank has encouraged savings and has been gratified in the results. Its saving accounts have shown a gain from year to year ever since the Bank opened for business.

It is this bank's experience that saving money is largely a matter of habit. Many of the Bank's customers have been able to so manage their financial affairs that they save consistently through all kinds of financial weather.

Saving money is often the result of self denial. It is so much easier to spend money than to save it, for temptation to spend is more pronounced in the average person than the urge to save. But one does not have to be a miser to save money. One does not even have to be penurious or stingy. Saving is largely a matter of striking a happy medium between outgo and income, between one's needs and one's desires. There are extravagant individuals in every community who would save nothing if they rolled in money.

Our savings customers testify, however, that there is nothing in life quite so satisfying as a financial reserve, a backing in a good savings account. "A friend in need is a friend indeed," and one is never completely forsaken who manages to have a little cash to meet all emergencies.
